# Tools of the Trade

## Knives and Sharpening

### Wayne Barton Premier Chip Carving Knives.

These American made knives are the result of Wayne Barton's many years' experience in the field of chip carving. The blades are made from a high carbon steel for strength, durability, and to hold a razor edge longer. The handles are ergonomically shaped to fit the carver's hand, providing superior control of the blade and reducing hand fatigue. The slightly rounded configuration is extremely comfortable to hold, yet retains enough rectangular shape to provide the orientation that is so essential to maintaining the proper angle to the work.

ITEM 1001B ...Stab Knife .....\$39.95 each

### Ceramic Sharpening Stones by Wayne Barton

These stones take the mystery out of sharpening. No messy oil or water is required. They are ideal for all sharpening applications and essential for chip carving where an extremely sharp edge is vital. Two stones: medium grit grey and ultra fine white. Includes storage pouches and cleaning instructions.

ITEM 1002A ...Grey..... \$36.95 each

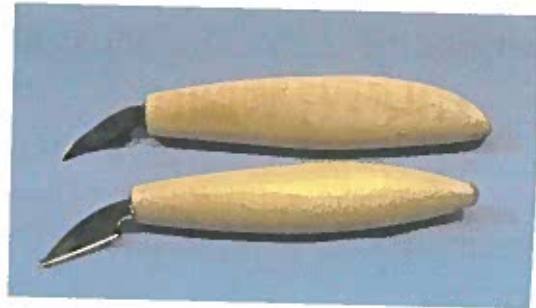

ITEM 1002B... White .....\$36.95 each

**Kolrosing - A brief explanation.**

Kolrosing (coal-rose-ing) is the Scandinavian art form of creating fine line decoration on wood. The design is cut into the wood with a special knife. Once the pattern is complete, dry coffee is rubbed into the cuts. The results are striking. This art form can be easily combined with chip carving to produce some outstanding creations. The knife and DVD listed below are all you need (along with some very finely ground coffee) to get started.

ITEM 4001 .....\$31.95 each

Kohlrosing DVD. See DVD section for details.

ITEM 4002 .....\$24.95 each

## Color your Carvings

The following items are specifically selected for adding color to chip carvings. Therefore, no duck colors, no fish colors, and nothing that is designed to be used on funny little guys with no teeth and a hole in the seat of their pants. These items may work on any of the above, but I know that they most definitely work on chip carvings. If you are interested in adding a new dimension to your work, read the information about the items on this page.

**Water Soluble Crayons:** These crayons from Switzerland look much like the ones we had in school, however they are used much differently from the school variety.
