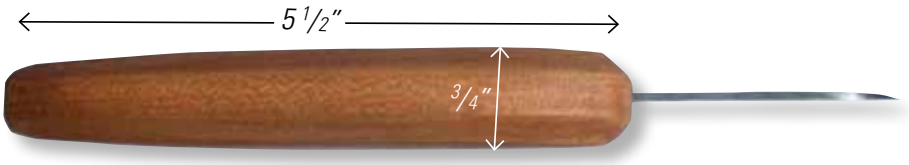
Flexcut CARVING TOOLS

Product Specifications

Flexcut Pro Series Flat Grind Blade
FP04 1” Chip Carving Knife

$37.95 MSRP

Full-size handle



1” Chip Carving Knife – The 1” Flexcut Pro Chip Carving Knife features a full flat grind, deep angle chip carving blade in precision heat treated 1095 steel, polished to a brilliant mirror finish. This knife excels at making the controlled plunge cuts needed for many chip carving styles. The deep angle of the blade, shorter choil length, and narrow tapered detail tip provides the leverage and accuracy needed for the most detailed chip carving cuts.
